FERROČRTALIČ POLICY

The management of FerroČrtalič is committed to establishing, implementing, maintaining and continuously improving the quality management and environmental management system in accordance with the requirements of ISO 9001 and ISO 14001 standards.

We provide quality, reliable and sustainably oriented solutions that meet the requirements of clients, legislation and other stakeholders, with responsible management of the environment and efficient use of resources. Therefore, we are committed to using best practices to:

- understand the needs and expectations of our customers and consistently meet them,
- comply with and ensure compliance with applicable legal and regulatory requirements;
- plan and implement efficient, standardized and managed processes,
- make decisions based on facts, analyses and risk assessment;
- provide adequate resources and an adequate and safe working environment;
- develop the knowledge, responsibility and competencies of all employees,
- promote open communication, teamwork and a culture of innovation,
- establish long-term cooperation with reliable suppliers,
- act socially responsibly,
- prevent pollution and reduce the negative impacts of our activities on the environment,
- make efficient use of the energy, materials and other natural resources available to us,
- reduce waste and promote reuse and recycling where possible;
- ensure a safe working environment, take care of health promotion and raise awareness among employees.

The management of FerroČrtalič undertakes to provide all the necessary resources for the effective operation of the quality management and environmental management system and to promote a culture of responsibility, cooperation and continuous improvement by personal example.

Each employee is responsible for the quality of their work and attitude towards the environment, compliance with agreed procedures, timely warning of deviations and opportunities for improvement.

This policy provides a framework for setting and monitoring quality and environmental management objectives and is regularly reviewed to ensure that it is relevant and consistent with the company's strategic guidelines.
